THE TOBACCO MARKET.

No sale was held at the three Paris warehouses Wednesday or yesterday, owing to the continued snow blockade of the county roads and the difficulty of getting enough of the weed on the floors to keep the auctioneers busy. Sales will be held to-day at all three houses, as it is thought the blockade will be lifted enough to permit growers to deliver their crops at the houses. Bourbon county growers disposed of several crops of tobacco on the Lexington markets. Among them were Ferguson & Moore, who sold 5,550 pounds at the Burley Tobacco House at \$20.39; Snell & Smith sold 2,915 pounds at the Peoples' House at \$20.38; J. H. Bell sold 9,725 pounds at the Independent House at \$23.16. (Continued on Page 6.)

BOURBON MAN BUYS PART OF ELMENDORF

The first sale of the Elmendorf farm tracts of the Haggins estate near Lexington, was made Monday, when Mr. S. Kenney Nichols, farmer and tobacco broker, of Paris, purchased through the Chinn & Lawwill real estate agency of Lexington, 303 acres of land. The tract was purchased as an investment, the consideration not being made public. Mr. Nichols will continue his residence in Paris, where he is buyer for the Liggett & Myers Tobacco Company, of St. Louis and New York.

The tract purchased by Mr. Nichols consists of two separate farms, one the old Roach farm, containing 103 acres, and the other the Thompson farm, containing 200 acres. Both adjoin and are located on the Iron Works pike.

Mr. Nichols announces that he will use the land in raising tobacco on the rear part of the farm, which lies across the road from the main entrance to the quarter-million-dollar mansion of the Haggins estate. Other parts of the farm will be utilized as grazing land for Mr. Nichols' stable of racers.

The sale was the first made from the tract since the remaining 6,000 acres of the big 9,000-acre estate were surveyed and laid off several weeks ago by Chinn & Lawwill, real estate agents, to whom has been assigned the sale of the land by the executors of the estate.

HIGHEST PRICE SINCE CIVIL WAR IS REACHED

Wheat and flour on the market yesterday topped their highest previous advances by taking another upward stride. The Paris Milling Company yesterday reported a ten cent advance on wheat, and twenty cents a barrel on flour, the same holding good in practically all the markets in Central Kentucky. These two items were listed yesterday as \$1.80 per bushel on wheat and \$10.00 per barrel for flour.

Wheat at \$1.80 and flour at \$10.00 per barrel has for several weeks topped all previous records since the Civil War. The prices had dropped somewhat, but advanced again to cover the drop, which has been the only one noted in the long list of advances in the market since last July. Two dollar wheat may come, but whether it will or not, dealers are not prepared to say at present.

CLARK COUNTY IN THE FIGHT FOR STATE SENATOR

The latest announced candidate for State Senator in the Twenty-eighth District—Bourbon, Clark and Montgomery counties—is George Hon. A. prominent business man and Democrat of Winchester. In his announcement as an aspirant for the party nomination, Mr. Hon declares for the submission of a State-wide prohibition amendment to the Constitution and in favor of a change in the existing tax laws to provide for a more equal distribution of the tax burden.

Clark county will furnish the candidate for Senator, and the indications are that probably a half dozen will go to the post. Lee Waincoat, of Winchester, is already in, and Abe Renick, Col. R. D. Hunter and Representative Jack Willis are expected to "cut in" at any time.

L. & N. FIREMAN HURT IN WINCHESTER.

Mr. Thomas Elder, of Paris, fireman on the Louisville & Nashville switch engine in the Winchester yards, slipped on the ice on his engine Wednesday afternoon while stepping across a board, and was thrown to the ground, sustaining painful injuries. He was taken to his boarding house where his injuries received medical attention. It is not thought he was seriously injured. Mr. Elder was able to return to Paris yesterday, where he will remain until entirely well.

BASKET BALL GAMES.

The Boys' Basket Ball Team of the Paris High School will go to Maysville to-night for a game with the boys' team of the Maysville High School. Paris defeated the Maysville boys here in their last game. The girls' team will play in Maysville, Friday night, January 26.

The Y. M. C. A. and Eastern Kentucky Normal School team will play at the Y. M. C. A. gymnasium, in Paris, to-morrow night.

MARION INSPECTING HORSES AT WIGGINS FARM.

Lew Marion, whose horses are wintering at Louisville, was in Paris this week to see several brood mares he has at John Wiggins' Military farm in Bourbon county, the home of A. O. Bianchi's Jim Gaffney, a horse that is "away up in the pictures" as a sire of good racers, considering the very limited opportunity he has had.

ADMIRAL DEWEY, HERO OF MANILA BAY, DEAD.

Admiral George Dewey, the hero of Manila Bay, and by priority the ranking naval officer of the world, died in Washington at 5:56 o'clock Tuesday afternoon in his eightieth year. Admiral Dewey had not been conscious since Monday, when he lapsed into a coma, still believing that in a few days he would be back at his desk in the Navy Department.

A general breakdown, accompanied by arterio sclerosis, incident to old age, was the cause of his death. Mrs. Dewey and the Admiral's only son, George, were at his bedside. They had known since Monday there was no hope for his recovery.

Admiral George Dewey, "hero of Manila Bay," fought and won the first great American naval battle against a foreign foe since the War of 1812. His whole life was full of honorable achievements from the days of the Civil War down to the time when, as the head of the General Board, he began the last chapter of his work by laying plans for the defense of his country in time of war. His life was a striking exemplification of the possibilities of a career based upon the exact and intelligent performance of every routine duty which molds a man on inflexible lines of duty and honor.

President Wilson held a conference with Secretary Daniels and Rear Admiral Badger, to arrange for the funeral, which will probably take place Saturday. The body will be buried at Arlington National Cemetery upon the Virginia shore of the Potomac, where many of Admiral Dewey's former comrades lie.

Both President Wilson and Secretary Lansing issued statements expressing regret at the Admiral's death and high appreciation of his services to the country both in peace and war.

LOGGES ELECT OFFICERS.

At a meeting of the Paris Lodge Rebekas, No. 7, the following officers to serve for the ensuing term, were elected:

Past: Noble Grand—Miss Alice Ewalt; Noble Grand—Mrs. Frances Ewalt; Right Supporter to Noble Grand—William Lail; Left Supporter to Noble Grand—Mrs. Samuel L. Ewalt; Vice Grand—Miss Ava Neal; Right Supporter to Vice Grand—Mrs. Geo. M. Rose; Left Supporter to Vice Grand—Dora Scott; Secretary—Mrs. Ida Snyder; Treasurer—Miss Ollie Chambers; Chaplain—Mrs. Dora Scott; Warden—Mrs. Tiny Dennison; Conductor—Miss Hattie Neal; Inside Guard—George M. Rose; Outside Guard—A. R. Dennison. The installation of the newly-elected officials will take place on the night of Thursday, January 25.

Paris Camp, No. 11330, Modern Woodman of America, at their recent meeting, elected the following officers for the new term:

Consul—B. J. Brannon; Advisor—J. J. Connell; Banker—D. B. Anderson; Clerk—H. C. Henson; Escort—P. J. Kane; Watchman—John Toohy, Jr.; Sentry—C. E. Lair; Managers—C. E. Lair, B. J. Brannon, Strawder Paynter; Physician—D. B. Anderson.

SOME PRETTY GOOD DOPE.

I have just been informed that there is a would-be photographic artist in our midst who represents himself to be "it" by making the false statement that to be a member of the National Photographers' Association one has to pass a most rigid examination, etc.

Since this fellow, whoever he may be, has resorted to false statements and inasmuch as he has seen fit to misuse my name to several of my good patrons, I am taking great pleasure in branding his statements referred to above as absolutely false and defy him to disprove my assertion.

These are the facts in the case: In order for a photographer to become a member of any photographic organization, all that is required of the applicant is for him to pay certain fees, and that ends the whole business. Why in the name of reason don't you people go to some well-known photographer for your work if I fail to please you, instead of patronizing some one who cannot peddle photos on his own merits?

PARIS WOMEN SNOWBOUND.

Misses Lucy Simms and Nellie Buckner, both of Paris, had a most decided unpleasant experience in the heavy snow Sunday. They had started to Winchester to attend the funeral of Mr. Gibson Taylor, whose remains were brought there from California, Saturday night for interment in the Winchester Cemetery. When near the big Witherspoon farm on the Winchester and Paris pike, near Winchester, they found their progress impeded by an immense snow drift that completely blocked the way. They were compelled to remain in their limousine for several hours, until passers-by noted their predicament and sent help to them. They were taken to a tenement house on the Witherspoon farm, where they remained until Tuesday before they returned to Paris. The engine of the Simms car was damaged by the snow and water.

ADDRESS ON TAX REFORM

Hon. Reuben Hutchcraft, Jr., of Paris, Secretary of the Kentucky Tax Commission, will deliver an address to the citizens of Georgetown and Scott county, at the court house in Georgetown, at 2 o'clock to-morrow afternoon, on the subject of the proposed Revenue and Tax Bill. Mr. Hutchcraft is making an enviable reputation as an orator. He is probably about as well equipped for handling the subject of tax reforms as any man in the State.

IDENTITY OF MAN FOUND DEAD IS ESTABLISHED.

Through the persistent efforts of Coroner Rudolph Davis, of Paris, aided by Sergeant Austin Price, of the Lexington police department, the identity of the negro man who was found frozen to death on the J. Miller Ward farm, near Paris, last week, has been conclusively proven.

From the memoranda found in the man's pockets Coroner Davis struck a trail which led all over Lexington, visiting each address in succession, and accompanied by Sergeant Price, Coroner Davis finally found Caroline Brittan, a colored woman, who conducts a boarding house at 548 Harris street, in Lexington. Mr. Davis gave the woman an accurate description of the man, and after showing her the letter found in the dead man's pocket, the Brittan woman positively identified him as James King, a laborer, who had been working in Lexington on construction work and around the tobacco warehouse district and who had boarded at her house. The body is being held at the undertaking establishment of Corbin & Martin until the man's relatives are located.

Tom Berryman, colored, who was a roommate of the dead man, came to Paris yesterday, and made the identification complete. He said he had often heard King speak of living in Eastern Kentucky, somewhere on the Chesapeake & Ohio railroad.

"BOOTLEGGER" GETS TEN DAYS AND \$50 FINE.

In Judge January's Court, Wednesday morning, the jury in the case of Sherman Owens, colored, charged with having liquor in his possession for the purpose of sale in local option territory, brought in a verdict of guilty and fixed his punishment at ten days in jail and a fine of \$50.

Owens, when arrested by Patrolman King at the Winchester junction of the Louisville & Nashville, had in his possession fourteen quarts and one pint of whisky, one pint of gin and one pint of beer. Patrolman King received information that Owens had the liquor in his possession, and "laid" for him when the Interurban car came in from Lexington. Owens, however, left the car at Twentieth street and had proceeded as far as the junction before the officer discovered his whereabouts.

The jury was composed of Peale Collier, S. T. Chipley, Harry Baldwin, John Day, J. S. Douglas and Jas. W. Earlywine.

GREEKS RENT COLUMBIA THEATRE FOR CONFECTIONERY

Judge E. B. January, Chairman of the Hall Committee of the Odd Fellows Lodge, yesterday closed a contract with Gus Pneger and James Banolas, Greeks, of Lexington, for a ten-years' lease on the storeroom on the ground floor of the Odd Fellows' building at the corner of Main and Fifth streets, lately occupied as the Columbia Theatre.

Messrs. Pneger and Banolas will have the room remodeled and refurnished and will conduct a first-class icecream, soda water, fruit and confectionery business in the room. They have been in business in Lexington for nine years. The Paris plant will be operated as a branch of their Lexington business.

FORMER PARIS MAN RE-ELECTED HEAD OF T. H. B. A.

The stockholders of the Kentucky Trotting Horse Breeders' Association at their annual meeting in Lexington, Tuesday, re-elected its Board of Directors with the exception of Colonel John R. Allen, who indicated a desire to retire on account of the pressure of his law business, and Harry Burgoyne, manager of Walnut Hill Farm, was named in his place. The Directors re-elected President Ed. A. Tipton and Secretary J. W. Williams. They dropped the pacing division of the Kentucky Futurity, and reappointed the \$21,000 race that is closed April 1. President Tipton said: "It was a splendid meeting, and every one was enthusiastic concerning the future of the light harness sport." The dates claimed for the 1917 race meeting are October 1 to 14.

FORMER RESIDENT OF PARIS DIES IN NEW YORK.

Mrs. Emma Katherine Steele, widow of William J. Steele, formerly of Frankfort, died Saturday at her home in New York. The body arrived in Frankfort Monday night at 6:11 o'clock and was laid to rest in the Frankfort Cemetery Tuesday morning at 10 o'clock.

Mrs. Steele was formerly Miss Benton, of Bourbon county. For a number of years she lived at Woodlake, where her husband was a prominent farmer. From Woodlake she and her husband moved to Frankfort, and from there they went thirty years ago to make their home in New York. Mrs. Steele was an aunt of Miss Lena Benton, of Frankfort.

FIGHT ON \$1 GLASSES CLOSES KY. COMPANY.

The National Optical Company, of Chicago, with an office in Louisville, has closed its offices there, sold its furniture and departed. They recently started an advertising campaign in the county papers, advertising \$5 spectacles for \$1, and worked Paris as well as other places. A campaign started by optometrists in Louisville and ordinances passed in various cities of the State imposing a heavy license fee on such companies tended to break up their business and the transient opticians returned to Chicago. Moral—Patronize your home dealers.

EDITORIAL MUSINGS.

Popular Prejudices About Food.

A great deal of comment was caused by a recent order permitting the sale of the flesh of horses for meat in New York City, which apparently will also be allowed in many other places. Horse meat is used as food all over Europe. In time it will probably be so used in this country.

This use of equine flesh runs up against a certain popular repugnance that is not quite easy to account for. There always are many prejudices in the choice of food not wholly based on reason. Certain kinds of fish are always rejected by anglers, as worthless for food, on account of some local tradition against them. One generation after another of boys will throw these fish away, in accordance with custom. The trouble may simply be that the flesh is not quite as well flavored as other kinds. But as the years go by and fish become scarce, even the less savory varieties may be seen to have good value.

The feeling against horseflesh can hardly be based on any sanitary grounds. A horse seems just as cleanly an animal as a cow, perhaps more so. Probably the reason is that a horse is a working animal. He would naturally have tougher and more stringy muscles than a cow, which spends its life in idleness in pastures and barns.

Good cookery and skillful seasoning

can do a great deal to improve the flavor of foods, also to render palatable the tougher portions of flesh. When one considers the amount of mastication needed to consume an ordinary beefsteak to-day, it is a question if horse flesh would be any worse.

In the earlier days of the country when all kinds of meat were abundant and cheap, the people could pick and choose and rejoice many nutritious forms of food. Times have changed now. Before many years old Dobbin's flesh, reduced to tenderness in the stew pot, may be a common article of diet.

The Bookworm Habit.

One of the prominent ideas of modern school life is to interest the pupils in good books and help them acquire the reading habit. The dog-eared old reading books of former years, with their hifalutin selections of poetry, philosophy and oratory, have disappeared. In many schools the reading books consist of high-class standard works of fiction and other classics that young folks should enjoy.

With the majority of children this creates a familiarity with the printed page that otherwise they might not acquire. But there is always a certain proportion of children who need no incitement to books. You take them visiting, and instead of joining in other children's plays, they burrow in book shelves. They waste their eyesight in poor light, and their cheeks fade in the in-door life.

Such children live in a dream world. They walk, talk and think in the book atmosphere. Their heroes are creatures of fiction. They are so busy seeing what other imaginary characters have done, that they have no power left to start things of their own. Turn such children out-doors for some fresh air, and they dawdle around and soon come in and ask their mothers what they should do.

This is not meant as an argument against the cultivation of the reading habit in schools. For every one bookworm, there are half a dozen to whom any book seems like a school task, formidable and repelling. They need all possible encouragement to find the pleasures and inspirations of bookland.

The little bookworm is a separate problem. Teachers should see to it that they join with their comrades in the sports around the school grounds. Such children should be given baseballs and footballs for Christmas instead of books. Every time they can be forced into active play with other children, their power for action in the world has been assisted.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty In a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? (adv)

ENDORSED AT HOME.

Such Proof at This Should Convince Any Paris Citizen.

The pulic endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Paris adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

H. C. Hutchcraft, 1115 Main street, Paris, says: "I have used Doan's Kidney Pills off and on for a great many years and with good results. Whenever I have suffered from weakness or lameness across my back, I have always found Doan's Kidney Pills, procured from the Ardery Drug Co., never fail to relieve me of the complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hutchcraft had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

ANY CHEST COLD MAY BRING

Bronchitis or Tonsillitis

The irritating, tickling cough affects the lung tissue and wears down nature's power to resist disease germs.

SCOTT'S EMULSION

suppresses the cold, allays the inflammation, steadily removes the irritation and rebuilds the resistive power to prevent lung trouble.

SCOTT'S has done more for bronchial troubles than any other one medicine. It contains no alcohol.

Scott & Bowne, Bloomfield, N. J. 16-10

HUH! HOWDYKNOW?

In many places spring will begin January 26, 1917, and in most places February 17. From then until April 20 the weather everywhere will be unusually warm and dry, caused by Saturn and Neptune forcing the earth against the sun's repelling force, as Jupiter forced it last fall.

About April 25 or 26 and May 16 or 17 the cool changes may injure fruit and early vegetation in some localities.

There will be sufficient rain in most localities from April 20 to October 1 to make a splendid season for agriculture; and in the Southern Hemisphere there will be sufficient rain to make a still better growing season from September 1, 1917, to February 1, 1918.

The year 1918 will be a natural year. With few exceptions the temperature and rainfall throughout the world will be almost normal, or the weather generally due in most localities during every month of the year.—New York Sun.

HOW TO CHECK THAT COLD.

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and relieves the sore throat. The antiseptic qualities kill the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. At all Druggists, 25c.

LIFT YOUR CORNS OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callous So It Lifts Out Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called Freezone, which the moment a few drops are applied to any corn of callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflammation or irritating the surrounding tissue or skin. A small bottle of Freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any Freezone he can get it at any wholesale drug house for you. (adv)

NEW DAILY PAPER AT MIDDLESBORO

The Daily Pinnacle News made its first appearance at Middlesboro, Tuesday. The Daily News was published there early in the '90s when Middlesboro was first boomed, and during December, 1912, when H. C. Chappell was publishing the Thousand Sticks there he had a daily paper, but the advertising was not sufficient for it to continue. As general conditions are better there at the present time, prospects for the venture are better.

THE GIST OF IT.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was restored to health," writes O. LAWSON EXPLODES BOMB IN "LEAK" PROBE.

WASHINGTON, Jan. 18.—With one sensational disclosure following on the heels of another, Thomas W. Lawson, before the House Rules Committee late Monday declared that William Gibbs McAdoo, Secretary of the Treasury and son-in-law of the President, was named to him as the Cabinet member who profited by the alleged "leak" of information from Washington to Wall Street on the President's peace note.

Robert L. Henry, Chairman of the House Rules Committee, before which Lawson was testifying with the threat of arrest for contempt hanging over his head if he refused to answer any questions, was named by the Boston financier as the Congressman who gave him information of the leak.

Chairman Henry, Lawson declared, informed him that McAdoo was involved in the leak.

Paul Warburg of the Federal Reserve Board was named by Lawson as the "high public official" who knew the "leak" machinery.

Lawson had been asked if he was prepared to offer proof of his statement that there were beneficiaries of the "leak" among lawmakers and others. He produced a letter which he asked to submit in private. The com-

mittee insisted that he read it. It was from Mrs. Visconti.

Ruth T. Visconti appears in the Washington City Directory as a clerk living at 1721 Twenty-first Street, an apartment house.

At no time, Lawson insisted, did he say that he had any direct information relating to a "leak."

Chairman Henry then took the witness stand.

Henry emphatically denied that he ever had mentioned to Lawson the name of any Cabinet officer.

"Not during our whole three-hour

conference did I mention to Mr. Lawson the name of any Cabinet officer that he has mentioned here to-day."

Henry asserted again and again that he had not given Lawson such information.

Secretary McAdoo issued a statement Monday night in which he said:

"No man should be called upon to notice such detestable and irresponsible gossip and slander," said Mr. McAdoo, "but since my name has been mentioned I wish to say that no more shameless and wanton lie could be conceived that the rumor or suggestion that I have been interested at any time and in any manner whatever in stock speculations or purchases of stock in New York or elsewhere, or that I have been connected in any manner whatever with the alleged 'leak' about the so-called peace note."

Secretary Tumulty gave out this statement:

"After the complete and definite statement which I made to the Rules Committee last week it should hardly be necessary for me to say that there is not a scintilla of truth in these new flimsy charges."

SOMETHING TO WORRY ABOUT.

The weather prophets, the corn shuck, the goose bone, and other alleged infallible signs predict a mild winter. Once upon a time an old negro, who had been put in jail sent for a lawyer, who, after hearing a statement of the case, said to him: "Why they can't put you in jail for that?" "But, boss, here I is," said the old negro. And here is the cold weather, in spite of the prophets.

BAD COLD QUICKLY BROKEN UP.

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere. (adv-jan)

SOME COLD SPOT.

Mr. J. S. Hudnall, of near Shaker, returned Tuesday night from a ten-days' stay in Detroit, Mich. where he had been taking a special course of instruction in automobile work in one of the big auto factories. Mr. Hudnall said that when he left Detroit the mercury in thermometers registered twenty degrees below zero, and the ground was covered with fifteen inches of snow. He saw ice 36 inches thick cut from a big lake owned by one of the Detroit ice companies, a big gasoline engine being employed for the purpose, operating a set of ice plows and saws. Shipping in the harbor was covered with ice and lake navigation was practically closed, on account of the ice, snow and the intense cold. Mr. Hudnall went out one night with a party of merry-makers on an ice-yachting expedition and came back nearly frozen.

HEALTHY FOR THIS UNDERTAKER

(Rochester Democrat-Chronicle.) Paris, Ky., has proved a healthy place for one undertaker. He has been in business there for a period of seventy-four years. He claims the record for his native State and believes he has something on every other undertaker in the United States in point of duration of service. It is likely that he holds a national record. Seventy-four years is a pretty good lifetime in itself, and that length of time in continuous service in any line of activity is unusual. Whether Paris is to be congratulated upon this mark of distinction depends upon a number of things. It is evidently a congenial place for undertakers, at least for one. Whether it is as salubrious for those to whom undertakers render the last service is a matter subject to proof.

KENTUCKY CROPS IN 1916 VALUED AT \$219,821,000

Kentucky's standing as an agricultural State jumped from twenty-fifth to twentieth position last year, according to a report issued by the Federal Department of Agriculture. In 1915, the total value of Kentucky's agricultural products was \$147,004,000. For 1916 the total value of crops was \$219,821,000. The rate of increase in value of agricultural products is greater than that of any neighbor State except Tennessee, which jumped from twenty-sixth to nineteenth place. Indiana rose from eleventh to nineteenth place. Missouri fell from ninth to fourth place; Virginia stood still, and West Virginia sank one point in the relative standing of States, as did Illinois.

CROSDALE'S OPENING.

Mr. and Mrs. Crosdale, having nearly completed their new establishment in the Highland building, on Main street, adjoining the Windsor Hotel, will open the same to the public on Sunday, Jan. 21, with a 5:30 p. m. dinner at 50c. We have spared no pains in our efforts to give to the people of Paris and Bourbon county an exceptionally inviting epicurean retreat, conducted on the popular American plan, where ladies and gentlemen can be most acceptably entertained, as their establishment will be ever conducted solely on its merits, and whom the motto is ever—Quality, Not Quantity.

We may by some be considered rather far down town, but as is the custom in all large cities, so should it be in Paris, that "particular" people seek the place, not the location.

Card parties can be entertained in private select apartments upon due notice and entertainments and specials especially catered to. Meal hours will be, breakfast, 6:30 to 9 a. m.; dinner, 11:30 a. m. to 1:30 p. m.; supper, Sunday included, 5:30 to 7:30 p. m.

We wish in conclusion to say that we fully appreciate the confidence and support given us in the past and that the same will in no wise be betrayed we can assure you in the future.

CARLISLE MERCURY CELEBRATES FIFTIETH ANNIVERSARY.

The Carlisle Mercury, one of the most valued of our exchanges, reached the half-century mark last Friday. The Mercury made its first appearance in the newspaper field on January 12, 1867, at the subscription price of two dollars per year. Its first editor was Mr. W. R. Anno, a young man in his teens, a native of Brown County, O. Times were hard and money scarce, and the ambitious young editor put up the argument that the paper would "have nice wide margins on which the children could work their examples after the elders had read the news." The paper was first printed on a Washington hand press, and was all home print, seven columns and four pages. Since then it has changed hands many times and has undergone many other changes. It was destroyed by fire in 1873. In 1882 the paper was purchased by Green R. Keller, who had previously been publishing a small paper called the Saturday Night, in the room now occupied by Curtis & Snapp as a barber shop, in Paris. Mr. Keller edited the Mercury until his death, on September 18, 1912. After that it was taken over by his son, Mr. Stanley Keller, and a few months ago was sold to Mr. Warren Fisher, the present editor, it later being consolidated with the Nicholas County Advocate, edited and published by Mr. James Tilton Long may the Mercury live.

MARGOLEN'S SPECIALS.

Read over the list of specials in Margolen's advertisement. They offer some real bargains. In last issue we printed by mistake in the ad that car goods, best grade was 3 for 25c. It should have read 2 for 25c. Also the item of pork chops read 25c, when it should have been 20c the pound. (11)

SUIT AGAINST PARIS MEN.

Mr. Chas. T. Eales, real estate agent, of Cynthiana, has filed a suit in the Harrison County Court at Cynthiana, against Harris & Speakes, real estate agents of Paris, for \$230, which he claims is due him as his part of the commission in a land sale, in which Elijah Carr purchased, through Harris & Speakes, the Vimont farm, in Bourbon county.

During the months of January and February our store will close every evening at 5 o'clock except Saturdays. This is to let our clerks have this hour off during the winter months. Let us have your orders before 5 p. m. **SIMON DEPARTMENT STORE.** (16-21)

SALE POSTPONED.

On account of the severe weather the sale of the old fair grounds property, recently bought by a syndicate composed of George Wilder, Henry S. Caywood and Edward Gorey, of Paris, and advertised for January 20, has been postponed until Saturday, February 3. Prospective purchasers should note the change in date, which is shown in the display advertisement published in this issue of THE NEWS.

ELKS ENTERTAINED BY TOBACCO BOARD OF TRADE

The Paris Tobacco Board of Trade, composed of the representatives of the three Paris warehouses and buyers on the Paris markets, were hosts last night at seven o'clock to the members of Paris Lodge B. P. O. E. No. 373, at the Elks' Club rooms on Main street. An elegant menu had been arranged and there was "a feast of reason and flow of soul" which lasted late into the night. Toasts were proposed and responded to by representatives of the Tobacco Board of Trade and the Elks' Lodge, and a general all-around good time was had. The Elks will reciprocate at an early date with a dinner to the Board of Trade men.

ROBT. E. LEE'S BIRTHDAY.

Today is the anniversary of the birth of Robt. E. Lee, which will be celebrated by the members of Richard Hawes Chapter, Daughters of Confederacy, at their rooms in the Bourbon County Court house.

A special program has been prepared for the occasion, the chief feature of which will be an address by Col. Henry George, Commandant of the Confederate Home at Pewee Valley, who was a faithful follower of the famous Southern chieftain. The members of the John H. Morgan Camp, United Confederate Veterans, and the Hamilton Guards, the children's auxiliary of the main organization, will be honor guests at the meeting, and take part in the exercises, which will be held in the Confederate room in the court house at 1:30 this afternoon.

READ MARGOLEN'S SPECIALS.

Read the specials offered this week by Margolen. There was two errors in the prices quoted in last issue, due to misprint. Pork chops should have been 20c the pound and canned goods should have read 2 cans for 25c. Read over the list and take advantage of the prices quoted. (11)

TRAINS LATE.

All trains on the Louisville & Nashville through Paris have been late arriving and departing since the cold snap set in, due to the snow blockade and uncertain time at connecting points. The through trains to Florida and other Southern points has been very heavy, the through southbound trains being crowded with passengers seeking quick transit to the land of sunshine and flowers.

As an evidence of the heavy travel on the Louisville and Nashville, due to the cold weather and the Southbound traffic may be cited the fact that Southbound train No. 37, on Tuesday and Wednesday had to be run in three sections, each being a double-header. There were eleven cars in one train; ten in another and nine in another. All were filled to the limit with passengers en route South.

Local passengers on the Northbound Louisville & Nashville train from Winchester due in Paris at 3:12 Tuesday afternoon, were compelled to walk to the Tenth Street passenger station, coal chute in the South Paris yards, coal chute in the South Paris yards. No damage was done and no one was hurt by the derailment.

WHAT! AGAIN?

The daily papers seem determined to give Paris a baseball club the coming season. Reports of this probability have been printed from time to time in the sporting pages of the dailies. The latest is the one from the Cincinnati Times-Star, which is close to the fountain-head of information.

"Paris, Ky., will likely organize a base ball club to become part of the proposed Kentucky Sunday Semi-Professional League," Charles Applegate, of the noted Wiedemann team, who formerly managed the Paris team in the Ohio State League, will attend a meeting to be held in Paris, and assist in the organization of a team in that city.

"It is likely that Lexington, Cynthiana, Georgetown, Winchester and Paris will form the Central Kentucky section of the League, with the Covington Standards, Wiedemanns and another well-known teams forming the other section of the League."

POOL TOURNAMENT.

In addition to the basket ball, bowling, and other sporting events gotten up for the amusement of Paris people, the one hundred ball pool tournament began at the N. A. Moore pool room on Monday night.

The prize, a beautifully designed and handsomely engraved silver gold-lined loving cup, is being contested for by a number of the best cue artists in Paris, and the contests of skill are attracting spectators each night. The prize will be awarded to the contestant having the largest percentage at the conclusion of the series of games which close the latter part of February. The percentage of the games played since the opening game of Monday, not including last night's game, are as follows:

Monday, Jan. 15—Elgin, 100, Davis, 39; Tuesday, Jan. 16—James, 100; Duncan, 63; Wednesday, Jan. 17—James, 100; Jones, 48. Last night's game was between Elgin and Link, but we went to press too early to learn the result. No games will be played Saturday night, and the scheduled will be resumed Monday night.

TO OUR SUBSCRIBERS.

As is our usual custom, we are sending out this week statements to our subscribers who are in arrears on their subscriptions, and trust they will appreciate our stand in the matter.

Due to the high cost of paper and the apparent combination among paper manufacturers to maintain that price, the cost of conducting a first-class paper like THE NEWS has advanced to a point where the situation has become a serious one. The result is we are actually losing money on subscriptions. To offset this and strike a balance, we are clearing our list, and taking off all "dead" material.

We ask our subscribers to give our attention to the statement of account rendered them. If there is a discrepancy, let us know and we will see that the matter is adjusted. If there is something due us we would appreciate a prompt settlement. Let us hear from you. We have no objections whatever to receiving some of the newly-minted coins. So, come one, come all.

CLEAN SNOW OFF PAVEMENTS.

The police have been given orders to notify all who have not done so to have the accumulated snow on their sidewalks removed at once. The city hands were busy yesterday making channels at the side of the streets so that the melting waters could be carried off.

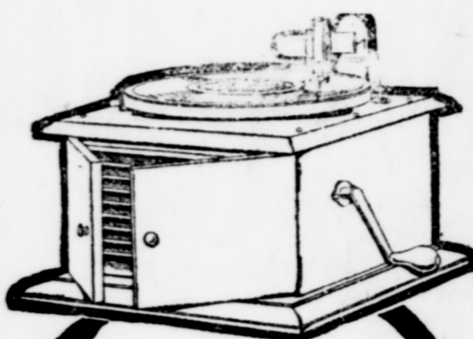

The snow on the pavements that have not been cleaned off has become packed down hard to a depth of nearly five inches, and the constant grating of shovels could be heard on most of the residential and business streets throughout yesterday, when the accumulation had softened somewhat. The roofs of several houses sagged dangerously from the weight of the heavy packed snow, and one stable on High street almost collapsed yesterday. Leaks from overburdened roofs damaged rooms in several residences, and worst is yet to come, when a real thaw sets in.

A majority of the streets in the business section of the city have been cleaned of the snow, but there is much yet to be done in that respect. The snow has been banked so deeply in some places that it has been almost impossible for grocery delivery wagons to make their rounds.

FILM COMPANY TO OPERATE HERE

Five members of the film company which is to operate in this vicinity, making a film representing Alaskan views are now en route to Paris from Chicago, and will arrive here to-morrow with all their "movie" paraphernalia, etc. Four members of the advance guard reached here Wednesday night and were registered at a local hotel. They will make several thousand feet of film in all, the majority of the scenes being enacted on the banks of Stoner Creek, near the big cliffs on the Marchmont farm of Mr. Charlton Clay, and woodlands adjacent, as well as in other parts of the county.

The "actors" who will take part in the scenes are all experienced in movie work and have for the most part been engaged in making Wild West scenes for the film company. The whole company will be at work by to-morrow, if they can secure enough "supes" to help carry out the plot of the photoplay.

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—“For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women.”—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

A RULER WHO HAS A CONSCIENCE.

AMSTERDAM, via London, Jan. 18.—The Norddeutsche Allgemeine Zeitung publishes the following autograph of Chancellor von Bethmann Hollweg, dated October 31, 1916:

"My Dear Bethmann: I have since been turning over our conversations thoroughly in my mind. It is clear that the peoples in the enemy countries, who are kept in hard endurance of the war by lies and frauds and deluded by fighting and hatred, possess no men who are able or who have the moral courage to speak the word which will bring relief—to propose peace. What is wanted is a moral deed to free the world, including neutrals, from the pressure which weighs upon all. For such a deed it is necessary to find a ruler who has a conscience, who feels that he is responsible to God, who has a heart for his own people and for those who are his enemies, who is indifferent to any possible willful misinterpretation of his act, and possesses the will to free the world from its sufferings.

"I have the courage. Trusting in God, I will dare to take this step. Please draft notes on these lines and submit them to me and make all necessary arrangements without delay."

Numerous economies are asserted for a new automobile that can be run by gasoline or electricity, or a combination of the two.

WOMEN OF SEDENTARY HABITS.

Women who get little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere. (adv-jan)

Teeth on the lower blade of new shears enable them to grip heavy materials firmly and cut them smoothly.

Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong.

Your body gets weak, and soon opportunity is offered for some severe illness.

Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membranes; then build up the weakened body. It's simple to say, but not too easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need.

Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions, and thereby prevent serious sickness. The tablet form is convenient for regular administration.

SMILE MIRRORS ROBUST HEALTH

Dayton Man One of Many Who Have Shaken Off "Grouch."

"Cheerfulness is the first essential to success in life," said the Tanlac Man. "Good health is the first essential to cheerfulness."

"Robust health is reflected in a man's face. His smile indicates his physical condition just as a gloomy look betrays health worries. Take the following case of a Dayton man:

"For months Charles Emrick, foreman of the Elias Bach & Sons To-

CHARLES EMRICK.

bacco company, suffered from various bodily aches. Sometimes he couldn't even feed himself, but that was before he tried Tanlac."

Mr. Emrick said: "Some nights I ached so I had to call a doctor. I felt groggy most of the time. In the mornings I was exhausted. Sometimes, when I sat down to a meal, I couldn't raise my hand up to my mouth, because of aching arms. A friend advised me to try Tanlac. It did me lots of good. That's why I'm advising others to try it. It toned up my whole system and drove off that grouchy feeling."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON Snell & Wood; MILLERSBURG, W. G. Wadell; ELIZABETH, Oscar Smith; CARLISLE, Tureman & Son; GEORGETOWN, C. H. Arnold; WINCHESTER, Duty Drug Company; AUSTERLITZ, B. S. Parrish. (adv)

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Obtainable everywhere. (adv-jan)

HIGH COST OF PAPER TOO MUCH FOR CORK FREE PRESS

Owing to the increase in cost of production the Cork Free Press, Cork, Ireland, has suspended publication; it was the official organ of the All-Ireland League, in which William O'Brien, M. P., Lord Dunraven, and other prominent politicians, were interested. It was established in 1910 and had a large circulation in the South of Ireland.

The increased cost of newsprint paper and other items of production have caused the Johnstown Leader, an afternoon daily, at Johnstown, Pa., to go into a receiver's hands. The Leader was established five years ago.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, For Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret to-night to cleanse you Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children. (adv)

HOOVEN—RENICK.

The Hamilton, (O.) Daily News has the following regarding the recent marriage there of Mr. Robt. W. Renick, son of Mr. Morris Renick, of Middletown, O., formerly of Paris:

"The traditions of one of Hamilton's and one of Middletown's most prominent families were united Thursday evening by the marriage of Miss Marion Hooven, only daughter of Mr. and

Mrs. Clinton Earle Hooven, and Mr. Robert Wilson Renick, son of Col. M. V. Renick, of Middletown, which was celebrated with much brilliancy and splendor, the ceremony taking place at 8 o'clock at the First Methodist Episcopal Church, Rev. Arba Martin officiating. Several hundred wedding invitations were issued and Hamilton and Middletown society attended en masse, the event being one of the most important recorded in the city's social annals. At the Elks' Temple the wedding festivities burst into full swing, an elaborate reception being held, followed by dancing in the spacious ball room. About 1 o'clock the bride and groom bade a merry adieu to the dancers and were driven to Cincinnati from whence they went South for a month's delightful honeymoon, stopping first at Pinehurst, and then going down into Southern Florida. On their return Mr. Renick will establish his bride in the home of his father in Middletown.

"The out-of-town bridesmaids in the Renick-Hooven wedding party, Miss Gladys Belvins, of St. Louis; Miss Rachel Capen, of Boston, and Miss Miriam McDonald, of Pittsburg, returned to their homes."

SMALL PUBLISHERS MAY OWN PAPER MILL.

H. C. Chappell, of Middlesboro, has written twenty-five small publishers in Kentucky, Tennessee and Virginia to meet in Middlesboro on Saturday morning, January 20, for the purpose of making some effort to establish a paper pulp mill near Middlesboro, to manufacture newsprint paper for the small papers in Kentucky, Tennessee and Virginia.

All other publishers not included in the written invitation are urged to attend, and if their business is such that they cannot attend, they are requested to write letters to Mr. Chappell, stating the amount of print paper they use in a year, the price for same one year ago, and what they are paying now and any other information and encouragement they may deem necessary and profitable for this meeting.

Paper has gone up in the last year from 2½ to 8 cents per pound and an organization of this kind is the only solution of the newsprint paper situation. The pine and other pulp producing woods of this section will supply a mill of fifty-ton or more capacity for several years and will solve the solution of newspapers being forced to pay trust prices for print paper. The excess price being paid for print paper by the small publishers in the three States above mentioned will, as estimated in a year over pay for the construction of a paper pulp mill.
